Design the Future: Value Based Radiology for Patients

The 76th Korean Congress of Radiology and Annual Delegate Meeting of The Korean Society of Radiology

KCR 2020

The 76th Korean Congress of Radiology and Annual Delegate Meeting of The Korean Society of Radiology

Design the Future: Value Based Radiology for Patients

Important Dates
- Abstract Submission by June 8 (Mon), 2020
- Abstract Acceptance Notice on July 1 (Wed), 2020
- Presenter Registration by July 15 (Wed), 2020
- Early Registration by July 15 (Wed), 2020
- Pre-registration by August 10 (Mon), 2020
- Hotel Reservation by August 10 (Mon), 2020

2nd Announcement

Hosted by The Korean Society of Radiology

www.kcr4u.org
Invitation

Joo Hyeong Oh, MD, PhD
President, Organizing Committee
76th Korean Congress of Radiology

Dear colleagues,

On behalf of the Organizing Committee of the 76th Korean Congress of Radiology (KCR 2020), it is my great honor and pleasure to invite you to KCR 2020 to be held from September 16 (Wed) to 19 (Sat), 2020 in Seoul, Korea.

It is the wish of the Korean Society of Radiology (KSR), the organizing society of KCR, to have the privilege to share its experience and knowhow with colleagues from all over the world through KCR 2020. KSR opened its congress to the international audience in 2007, and since then, the number of sessions conducted in English has continued to rise, representing over 85% of all presentations today. This testifies to the dedication of KSR to share its expertise and grow together with the rest of the world for the future of radiology.

With the start of my presidency, KSR coined a new slogan: “Value-based Radiology for Patients.” In medicine, value-based healthcare focuses on the value created for patients, striving to prolong and improve the quality of their lives. This outlook impacts the way doctors treat their patients. As radiologists, we must play an active and central role in promoting value-based healthcare by managing all our medical practices with the health and quality of the lives of our patients in mind.

In light of the above, the KCR 2020 Organizing Committee has chosen “Design the Future: Value-based Radiology for Patients” as the theme of this year’s congress. We are designing the best possible program with high quality scientific sessions that will provide all participants with the opportunity to keep up-to-date with the latest research findings. KCR 2020 is planning to invite 40 world-renowned scholars from 10 countries along with distinguished radiology experts from Korea. Among them, Ki-Nam Lee (Dong-A University) and Young Soo Do (Samsung Medical Center) will deliver Plenary Lectures.

Last but not least, in addition to providing a significant platform for exchanging valuable ideas, KCR 2020 will offer its participants a chance to socialize and interact with colleagues and friends from all parts of the world.

I believe that KCR 2020 will bring innovation and further advancement to the scientific level and quality of the study of radiology. In this regard, I extend my heartfelt invitation to you to join us at KCR 2020 in Seoul during the beautiful season of September. I am looking forward to seeing you at the congress.

Why Attend KCR 2020?

- Oral & poster presentations on wide-ranging radiology topics
- Invited lectures by world-renowned invited speakers
- Live streaming expanded to all sessions
- 3.5 days packed with the latest information
- Diversified ways to attend the congress to ensure the safety of participants
- Congress venue fully ready for prevention of infections
- Hosted in a country recognized for effective COVID-19 management
Who Are the Special Invited Speakers of KCR 2020?

Plenary Lecture I
Ki-Nam Lee
Dong-A University, Korea
Sep. 18 (Fri), 11:50-12:40
Consilience in Chest Radiology: My Perspective

Plenary Lecture II
Young Soo Do
Samsung Medical Center, Korea
Sep. 19 (Sat), 11:50-12:40
Diagnosis and Management of Congenital Vascular Malformation

Be a Part of the KCR 2020 Scientific Program!
Submit Your Abstract and Get Awards!
Abstract Submission Due Date June 8 (Mon), 2020

Best Scientific Exhibition Awards

Grand Prix
KRW 500,000
Certificate
(1 winner)

Gold
KRW 300,000
Certificate
(2 winners or more)

Silver
KRW 200,000
Certificate
(5 winners or more)

Bronze
KRW 100,000
Certificate
(20 winners or less)

Travel Award
(KRW 500,000)
Awarded to foreign presenters of abstracts that are accepted for presentation at the Scientific Sessions or Exhibition.

The Important Dates Have Been Changed!
Please Make Sure to Check the New Dates Below.

Early Registration Due Date
July 15 (Wed) 24:00
(Korea Standard Time, GMT +9)

Pre-Registration Due Date
August 10 (Mon) 24:00
(Korea Standard Time, GMT +9)

Presenter Registration Due Date
July 15 (Wed) 24:00
(Korea Standard Time, GMT +9)
Abstract presenters of the Scientific Session or Exhibition should register within the early registration period.

Accommodation Reservation Due Date
August 10 (Mon) 24:00
(Korea Standard Time, GMT +9)
About the Korean Society of Radiology

The Korean Society of Radiology (KSR) was established in 1945, and is the official society representing all physicians of Korea in the field of radiology. KSR is the foremost society in Korea and a leader in Asia-Pacific radiology.

Subspecialty Societies

| Korean Society of Neuroradiology and Head & Neck Radiology / ksnhnr.org | Korean Society of Thoracic Radiology kstradiology.or.kr |
| Korean Society of Abdominal Radiology ksacr | Korean Society of Pediatric Radiology kspsradiology.or.kr |
| Korean Society of Breast Imaging ksbi.radiology.or.kr | Korean Society of Cardiovascular Imaging www.kosci.co.kr |
| Korean Society of Musculoskeletal Radiology ksms.radiology.or.kr | Korean Society of Emergency Radiology kseradiology.or.kr |
| Korean Society of Thyroid Radiology thyroidimaging.kr | Korean Society of Pain & Spine Radiology www.kspsr.or.kr |
| Korean Society of Image-guided Tumor Ablation / www.ksita.or.kr |

Publications

The official journals of the society are the Journal of the Korean Society of Radiology (JKSR) and Korean Journal of Radiology (KJR).

The Journal of the Korean Society of Radiology is a Korean journal with English abstracts.

The Korean Journal of Radiology is an English journal which is currently indexed/tracked/covered in MEDLINE, PubMed, PubMed Central, Science Citation Index Expanded (SCIE), KoreaMed, Synapse, KoMCI, SCOPUS, Embase, and Google Scholar. The journal aims to produce and propagate knowledge on radiologic imaging and related sciences. The impact factor of the KJR in 2018 was 3,730.

The inaugural issue of the KJR was published in March 2000. A unique feature of the articles published in the journal is their reflection of global trends in radiology combined with an East-Asian perspective. Geographic differences in disease prevalence are reflected in the contents of the papers, which serve to enrich our body of knowledge. World-leading radiologists from many countries are serving on the editorial board of our journal.

The KJR now has an electronic submission and review system. Currently, the KJR is published monthly. Since the year 2002, the full content of the journal can be accessed online on the KJR website.
KSR Fellowship Program

Objectives

The objectives of the fellowship are to promote research by specialists in radiology and to train them in Korean academic institutions. The fellowship also aims to contribute to the distribution and improvement of radiology, encouraging mutual understanding as well as scientific cooperation.

Term and Period of Clinical Training and/or Research

1. The term for clinical training and/or research shall be at least 1 month and at most 3 months in principle.
2. The period of clinical training and/or research shall not be altered in principle.
3. The recipients must start the training in their applicable year.
4. The due date for the application is August 30th of the previous year preceding the fellowship, and applicants are given an official notification in October from KSR.

Eligibility

1. Age: Recipients may be up to 40 years of age.
2. Career: Recipients must be specialists with sufficient training and experience in radiology who have graduated from a medical college.
3. Language: Recipients must be fluent in English or Korean to be able to complete the clinical training and/or research.

Grant for Recipients

1. KSR sponsors visiting fellows in Korea.
2. The grant includes air-fare and minimum cost of living.
3. The maximum limit of the grant per recipient will be KRW 5,500,000.
4. The maximum limit of monthly support will be KRW 1,500,000.
5. The maximum limit for economy-class airfare reimbursement will be KRW 1,000,000.
6. If the recipient receives other financial support during his/her stay in Korea, KSR will stop the grant, and the responsibility for the recipient will be transferred to the new supporter.

Deadline for KSR Fellowship Application: August 31 of the preceding year

* Free membership dues

Eligibility for International Membership

- International Membership is for non-Korean experts only.
- International Members are radiologists, medical physicists, radiologic scientists, and experts who have a related degree in radiology.
- International Members are recommended to attend KCR.
- International Members shall be approved by the Board of Directors of KSR.

Application for International Membership

- Application by e-mail (office@radiology.or.kr) with completed application form and a copy of your curriculum vitae;
- Application on the KSR website (www.myksr.org)
- Or just visit the KSR/KCR Booth with the completed application form.

Maintenance of Membership

*Membership extends from January 1 to December 31 of the calendar year regardless of the joining date.*

- Membership is effective upon the processing of the application and activation of the new membership account.
- International Membership is valid for three years.
- International Member should submit a renewal form of International Membership to KSR via the website before termination of his/her membership.
- International Membership may be terminated by writing or email request by the member.
- International Membership may be terminated by agreement of the KSR Board of Directors in the case of a member’s harmful activity against KSR.
Application for KSR International Membership

Please type or print.
